Cambios introducidos en los contenidos

No syllabus change.

Cambios introducidos en las metodologías y plan de trabajo

Every lesson has been taught online, using BigBlueButton or Microsoft Teams as provided by the University of Oviedo. Tasks and materials have been distributed through eCampus and/or email, where necessary. Lessons have been recorded and uploaded to a private channel within Teams/Stream, available to those registered for the module.

Deadlines, workload or workflow have not been affected.

Cambios introducidos en la evaluación

Assessment task and criteria for the 1st call are kept, though these are implemented online on the aforementioned ICT tools. With regard to the 2nd call, it will be face-to-face if possible, although if health recommendations stay as they are at present, then online assessment will be carried out in the same manner as in the 1st call.

In the case of these international students who have returned to their home countries, they can access these tools (with, possibly, geographical restrictions on Teams) which will not affect assessment, tasks or access to resources, which is mainly carried out through our eCampus,

* Los cambios introducidos no deben alterar las competencias ni los resultados de aprendizaje esperados

plus the recommended bibliography in the syllabus.

Students with no internet Access (none reported to date) will be able to sit exams, as long as their health and safety are not compromised.

Cambios introducidos en las tutorías

Contact hours move online, at times already advertised.
