

HEALTHCARE CENTER _____

According to the proposal made by Dr. _____
accepting to act as tutor of the student _____, from
the Faculty of Medicine of the University of Oviedo, to perform a clerkship in the
Department of _____ during
the month _____, 2023, and assuming that this clerkship must cover
the objectives required by the University to grant Equivalence Credits:

1. - Familiarisation with clinical history recording and physical examination.
2. - Participation in the medical and educational activities of the corresponding services, as for example joining the doctors during the ward rounds, attending and participating in clinical meetings, etc.
3. - The final goal is to let the student acquire habits and, if possible, skills in the direct dealing with patients.
4. - The period should be at least around 4 weeks, with no less than 100 hours duration.

This Direction authorizes the performance of the clerkship in this Healthcare Center.

Place and date: _____, _____ / _____ / 2023

The Director _____
